

RADWAY

AND
HIS PATRONS

PUBLISHED BY RADWAY & CO., LTD.
MONTREAL

TO THE PUBLIC.

THE virtues of the R. R. R. Remedies have now become so well recognized that many persons are constantly endeavoring to steal their popularity—spurious preparations are made up to imitate ours in smell, taste and look. These are all deleterious, and are palmed off by deception upon the public. Avoid them as you would a poison. It is the fate of a good medicine to be counterfeited and have spurious imitations.

The Ready Relief is put up with Rubber Stoppers, and every label engraved with Radway's Ready Relief in very small characters **ALL OVER THE LABEL.**

See that the steel engraved cork-stamp is upon every bottle of Radway's Ready Relief and Serravallo's Remedy. It is genuine.

Dr. Radway's Address to the Sick.

TO ALL SICK AND COMPLAINING :

I address the sick and those in search of health, and promise all who are suffering with maladies or disease, or tortured with pain and infirmities, within the curative range of human skill or remedial agents, *immediate assistance*, and consequent cure.

I wish to be clearly understood by the public, and trust that those who are suffering from sickness or disease, however apparently beyond the reach of cure, and who are willing to make one more effort to secure a quick riddance of their pains, aches, infirmities and uncured diseases, to carefully read over, consider and weigh the testimony and arguments in favor of the remedial agents herein offered as a means of cure.

The remedies here offered are no new or untried experiments; for nearly half a century they have been in general use, and known throughout the world, as possessing the most extraordinary curative powers in their several specialties that have ever been discovered. These remedies are known under the alliteration of the **R. R. R. REMEDIES**, and consist of—

RADWAY'S READY RELIEF.

RADWAY'S SARSAPARILLIAN RESOLVENT.

RADWAY'S REGULATING PILLS.

Although composed of the same ingredients as formerly, they are wonderfully improved in mode of preparation—as the medicinal properties are now obtained under new processes. One trial of either of the **RADWAY'S REMEDIES**, will prove to those who have been in the habit of using these medicines this important change in their curative efficacy, and to those who have not used them, *one trial* will inspire them with the *hope* of a speedy cure.

With medicine—the same diligence, research, study, labor and constant application is required, as in other arts, sciences and pursuits—to become perfect. It has taken Dr. Radway many years to complete and make perfect, in their curative powers, these three remedies—the **READY RELIEF**, **REGULATING PILLS**, **RENOVATING SARSAPARILLIAN RESOLVENT**.

We have not rested satisfied with the success of our early experiments, with the wonderful cures effected by their use, but have worked day and night to improve the qualities of the ingredients we use in their preparation.

One great drawback which we, as every chemist, physician, pharmacist, as well as mankind in general, have had to contend with, has been the adulteration of imported Roots, Barks, Gums, etc., which have ever existed, and still exists, to an alarming extent—and which I believe ourselves only have at last overcome, and that is one of serious moment; there is not a bale, bundle, chest, keg or parcel of roots, barks, leaves, gums, flowers or medicinal herbs imported into the United States or Europe, but contains large quantities of spurious and adulterated substances. These barks, roots, etc., are gathered by the lowest orders of the natives, who are reckless, careless, ignorant and dishonest, mixing good and bad together, and are sold by these rascals to traders and exporters at such prices as they can get.

1893?

If a pure lot of Sarsaparilla, Calasaya, Peruvian or other barks, unmixed or unadulterated with spurious is obtained, it is by accident.

Congress some years since made a law creating an officer as Inspector of Drugs, to guard against this great fraud, but this does not do away with or materially lessen the evil, as the spurious is so adroitly mixed with the genuine as to evade detection. Gums and resinous drugs are more readily detected, but barks, roots, leaves, flowers, etc., it is very difficult to detect; hence we see the mischief that arises in preparing a medicine where these roots, etc., and their products and extracts are employed.

If a physician, for instance, orders a patient to take a certain quantity of Sarsaparilla or Buchu, Peruvian Bark or Quinine, Morphine, etc., with a view of securing such results as the known properties of the genuine would produce, and the spurious is given, or the powders and extracts obtained from the adulterated substances which, of course, fails, what then? the physician is misled, and perhaps, fatal results follow; and so it is in the preparation of medicines; although made of the same ingredients as the manufacturer supposes—it is entirely different, and fails to accomplish the expected results. Now, this is so with all manufacturers of medicines using vegetable substances, Sarsaparilla, Buchu, etc., that depend on the general market for these roots, etc. Dr. Radway, to overcome this drawback and to be certain of obtaining the pure and cultivated roots, barks, gums, plants, and other vegetable medicinal substances, has established agencies in various parts of the world, and the ingredients used in RADWAY'S REMEDIES, that are grown in foreign countries, are gathered, packed and shipped by trusty and competent natives who are paid for their labor and perform their duty under intelligent agents, specially appointed by us, to attend to this important branch of our business; hence, we have in the ingredients safety and the assurance that they are genuine and pure.

These statements are truths, and as Prof. Laurence Reid, the eminent lecturer and practical chemist observes: "That if the prescription of the Ready Relief was sent to any respectable chemist (providing he had the materials), one 25 cent bottle of Ready Relief would cost \$2.50 to \$3.00, and the Sarsaparillian Resolvent that sells for \$1.00 per bottle could not be afforded for less than \$5.00, and the Pills, three grains in each pill, thirty of which are in a box, for 25 cents would cost, at least, \$1.50." It is only by producing these remedies on an extensive scale that we are enabled to offer them to the public at the prices named. In the pills coated with gum you have an extract pill, a vegetable substitute for calomel and mercury; one of Radway's Pills to keep the bowels regular and secure PERFECT DIGESTION is sufficient; and one of Radway's Pills will accomplish a better purpose than six of the ordinary drastic pills. A few doses will prove the correctness of this statement.

No substances that *accumulate* in the system or become deposited in the bones, joints, tendons, ligaments, or organs in the system; no inert materials to obstruct the action of the active properties (and interfere with the course of cure) enter into the composition of our medicines.

SPEED AND EFFICACY.

The moment these Remedies are used, in either of their special range, they commence their work of purification, invigoration and restoration to health, communicating their curative, nourishing, strengthening and fruitful influence through the BLOOD, SWEAT, URINE, BILE, and other fluids and juices of the system.

R. R. R.

The First Great Discovery. The best and only discovery for the instant cure of Pain was first made known in 1847, and presented to the world as

RADWAY'S READY RELIEF.

The moment this great remedy is applied to the part of the body where there is pain it affords relief and secures the instant removal of its cause.

TAKEN INTERNALLY.—Twenty drops to a teaspoonful in half a tumbler of water, will, in a few minutes, stop the worst pains, cramps, spasms, vomitings, etc., in the inside of every man, woman and child.

PAIN.

When seized with pain our first thought is how to get rid of it. There are many antidotes that will temporarily allay pain by lulling the senses of perception, chill the blood, interrupt its circulation, and freeze the nervous fluids, and for the time being paralyze the perceptive faculties; but this method of removing pain is worse than the pain itself.

Radway's Ready Relief is the only remedy in vogue that kills and exterminates pain, *removes and cures its cause*. Opium, morphine, chloroform, ether and the numerous imitations of this great and good remedy, under the names of Pain Cures, Killers, Paints, Kings, etc., do not touch the cause, but if any cessation of pain follows their use, it is by chilling the blood, deadening the perceptive faculties, destroying or benumbing the nervous fluids, paralyzing for the time being the nerves of sensation, and as soon as this chilling influence passes off, the pain returns again with increased violence, and then the chilling, freezing, destructive paint, poisoning and nerve-killing process is again resorted to. The continued use of this method of killing or stopping pain will, in a short time destroy the nervous fluids, and paralyze the entire body. Ice or vinegar or any other refrigerating agent, in cases of inflammation, will secure temporary relief, but to secure permanent freedom from renewed attacks the cause that induces the pain must be removed. Radway's Ready Relief, thus far, is the only remedy that accomplishes this important desideratum.

This wonderful power of the Ready Relief is but a trifling and secondary importance compared to the great, grand and almost supernatural power it possesses in curing and preventing attacks of Asiatic Cholera, Yellow Fever, Dysentery, Bilious Colic, Inflammation of the Bowels, Fever and Ague, Typhoid Fever, and the most terrible plagues, pestilence, and deadly diseases known to the world.

So quick, so powerful, is the Ready Relief in curing the sick, that hundreds have used it only with a view of temporary assistance, to give them time to engage the services of a doctor, but before the doctor would arrive their pains had left them and they were cured. No second application was needed, for the cause that induced the pain was removed. This is the testimony of thousands.

RADWAY'S READY RELIEF.

AN INTERNAL AND EXTERNAL REMEDY FOR THE INSTANT CURE OF PAIN.

The object of this remedy is to secure immediate relief to the patient from pain, and to remove or cure its cause.

EVERY DROP OF THE SPIRITS used in RADWAY'S READY RELIEF, as a VEHICLE to convey and preserve its medicinal properties, is highly rectified, and four times distilled through the most positive and thorough purifying agents and menstruum within the arcana of chemistry. Common or ordinary Alcohol, used as the basis of tinctures—and that forms the base of the cheap Liniments, Embrocations, etc., put up in imitation of RADWAY'S READY RELIEF—is unfit to be used as medicines or to be taken into the system.

It is the fusil oil and other poisonous acrid and crude constituents in cheap Alcohol and badly distilled Whiskies, in domestic liquors, that intoxicate, madden, and corrode the Brain, congest and cause inflammation of the mucous membranes of the stomach, and the linings of the blood-vessels, causing delirium tremens and other frightful effects of drunkenness.

The uniting of ingredients so as to secure perfect harmony, and through their PHARMACEUTICAL EQUIVALENTS an assisting power of their several properties of cure, fulfills one of the most important aims of the chemist. A remedy may contain some, and perhaps all, of the ingredients of the Ready Relief, but if these ingredients are improperly combined, regardless of their pharmaceutical equivalents—the entire combination is worthless, and will fail in securing the desired or anticipated results. Herein lies the secret of success of RADWAY'S READY RELIEF, PILLS, and SARSAPARILLIAN and the failure of the legion of imitations put up by incompetent men, who think if they put together similiar ingredients they produce the same remedy. RADWAY'S RELIEF is the only remedy of the kind that is prepared on scientific principles. The intelligent observer will at once see from the properties it possesses its fitness to cure the diseases named.

APPLIED EXTERNALLY AND THOROUGHLY,

in all cases where there is Pain, Ache, Inflammation, Sprains, Strains, Hurts, Cuts, Bruises, Burns, Scalds, Lumbago, Sciatica, Rheumatism, Neuralgia, Toothache, and all kinds of Aches, Swellings, Contortions, Spinal affections, Pains in the region of the Kidneys, Bladder, Stomach, Bowels, Congestion or Inflammation of the Lungs, Liver, Stomach—no matter where the pain may be located—let the READY RELIEF be rubbed over the parts affected for a few moments, and all pain will cease.

A SMALL QUANTITY

out of one 25 Cent Bottle is sufficient to stop and exterminate the most violent and excruciating pain, and this is the only remedy in vogue that will do this without inflicting more serious injuries.

Radway's Ready Relief imparts new life and vigor to the nervous and exhausted system. It supplies the deficiency of electricity to the nervous fluids, it withdraws all inflammation to the surface, and restores the equalization of the circulation through the congested and inflamed blood-vessels. Use it thoroughly.

RADWAY'S READY RELIEF.

It is the only true antidote to pain that removes this distressing sensation on natural principles, that increases the vital powers, that electrifies the nervous fluids and system with increased activity and power, that arouses the sluggish and congested blood vessels to an equal and natural circulation, that

withdraws and allays in a few moments inflammation from whatever cause induced.

Headache, toothache, stomach-ache, and aches of all kinds are stopped in a few minutes, and the sharp, darting paroxysm of excruciating pains of NEURALGIA, TICDOULOUREUX, that defies and resists all other remedial agents, will subside in a few minutes after rubbing the parts with RADWAY'S READY RELIEF. Rheumatic pains, lumbago, gout, stiff neck, sore throat, in these cases relief is immediately afforded, and pains from chills and fever, inflammation of the bowels, stomach, colic, cramps, spasms, relieved at once. This every one who may be seized with pain will realize if RADWAY'S READY RELIEF is used.

A few minutes rubbing with RADWAY'S READY RELIEF will, in the most violent attacks of pain, secure ease and comfort to the patient. Millions have tested it during these last fifty years, and there are none who speak ill of it.

TAKEN INTERNALLY.

Twenty drops to a teaspoonful in half a glass of water instantly stops the most violent pains, Cramp, Spasms, Vomitings, Diarrhoea, Dysentery, Flux, from a simple Stomach-ache to the most frightful Collapse stages of *Asiatic Cholera*. As a Tonic, Stimulant, Corrector of the Stomach, it will in a few seconds allay irritation, or pain in the stomach, Heart-burn, Sour Stomach, Water Brash, Eructations, Weakness, Palpitation of the Heart, Dizziness, Fullness or Rush of Blood to the Head; Nausea, or Sickness at Stomach, Hysterics, Faintness. In cases of *Flat Stomach*, *Bad Breath*, ten to twenty drops of READY RELIEF, in a wine-glass of water, *disinfects* and neutralizes the poisonous gases of the stomach, generated from sour juices of the gastric and biliary system and undigested food; it at once purifies the breath, and as a general stimulant and tonic braces up the weak and relaxed nervous system, gives tone and strength to the general system, increases the appetite and prepares the stomach to receive the food. It is *purser, better* and *pleasanter* than the most popular stomach bitters, or the choicest liquors in the world.

To enumerate the diseases or complaints that RADWAY'S READY RELIEF will give immediate relief and consequent cure would more than fill this page. In all cases where there is *pain* or inflammation, either internally or externally, it should be used. In such cases as *Asiatic Cholera*, *Cholera Morbus*, *Dysentery*, *Billious Colic*, *Yellow Fever*, *Billious Fever*, *Fever and Ague*, *Scarlet Fever*, *Small Pox*, *Diphtheria*, *Influenza*, *Sore Throat*, *Croup*, and all dangerous diseases, if prevailing as epidemics, its use will prevent, and if seized will, with the aid of RADWAY'S PILLS, cure. This assertion is made on positive proof, not from a few isolated cases, but from thousands in South America, East Indies, in the present armies of Brazil, Paraguay, Buenos Ayres, in our armies in the late war, certified to by the unimpeachable testimony of army surgeons, officers, etc.

TRAVELERS

should always carry a bottle of RADWAY'S RELIEF with them. A few drops in water will protect them against the annoyance consequent on change of water. No bowel complaints, no sickness, no chills and other unpleasant difficulties will trouble you on your route, if you take this precaution; and if accident occurs or you become injured in any way or suffer from burns, scalds, bruises, wounds, cuts, the use of the READY RELIEF will be of immense service. Let no one set out on a journey without it. Col. Gates, of the United States Army used to say that his three inseparables were his wife, READY RELIEF, and Sword. No traveling equipage is perfect without RADWAY'S READY RELIEF.

CURE BY SIMPLE MEANS.

Whenever any disease or symptoms appear as an Epidemic, and is more than ordinarily fatal, and less manageable by medical men, and yields less readily to the remedial agents applied, it is at once pronounced "*a pestilence*," "*a fatal malady*," "*a visitation*," when, in reality, if the proper remedial agents were applied, and judicious treatment pursued, it would be just as manageable, and yield as readily, as any ordinary ailment. No matter what may be the character of the disease or its symptoms, if the Doctors, with their remedies, fail in arresting it, or curing those seized, it is at once declared incurable, or a pestilence, and Doctors agree with each other on the incurability of the disease, and maintain that its frightful ravages are outside the power of medical skill or science. Not one of these diseases called pestilences—whether Malignant Scarlet Fever, Diphtheria, Influenza, Pneumonia, Congestion of the Lungs, Lung Fever, Small Pox, Measles, and all forms of malignant Fevers, where they prevail in a more malignant and violent type than ordinarily—but if the proper treatment is pursued and the right remedies used will be as easily managed as any other ailment; the same with Asiatic Cholera, Yellow Fever, Typhoid Fever, Bilious and other Fevers.

RADWAY'S READY RELIEF AND RADWAY'S PILLS

have cured every variety of pestilential and epidemic diseases that have, during the past forty years, prevailed in Europe, Asia, Africa, or America. In foreign countries, in these *terrible maladies*, they are chiefly used, and those who will use them here for any *violent disease* will find that the most terrible and malignant epidemics will cease to occasion alarm.

TREATMENT AND CURE.

In Malignant Scarlet Fever, Diphtheria, Putrid Sore Throat, Influenza, give at once RADWAY'S READY RELIEF—diluted with water—twenty drops to a teaspoonful of RELIEF in tumbler of water, and give of this from half a teaspoonful to a tablespoonful every two or three hours. Next—Sponge the body over with READY RELIEF (if an infant, dilute the READY RELIEF in water); continue this sponging for ten or fifteen minutes, until the skin becomes reddened; also wear a piece of flannel saturated with READY RELIEF (diluted with water, if the skin is tender) around the throat and over the chest; also gargle the throat with READY RELIEF diluted with water—one teaspoonful to tumbler of water; or, if convenient, and there is inflammation, ulcers, or redness in the throat, make a swab, and apply the READY RELIEF, diluted, by this means, to the parts of the throat inflamed.

The Philosophy of this Treatment will be understood by all, when it is known that the READY RELIEF secures the following results:

RADWAY'S READY RELIEF is a COUNTER-IRRITANT—it withdraws to the surface inflammation, and always irritation in the gland of the throat, larynx, windpipe and bronchia.

IT IS ANTI-SEPTIC.—It destroys at once the poison of Scarlatina or other virus, and prevents degeneration or ulceration of sound parts, and likewise prevents inflammation or dryness of the fauces or salivary juices.

IT IS AN ANTI-ACID—Neutralizing the malarious acid and poisonous gases and vapors generated in the system either from the poison of fever or inspired.

IT IS A TONIC DIFFUSIVE STIMULANT.—It strengthens the relaxed nervous system, and sets in healthful circulation the blood through the veins; and as a SUDORIFIC, not only prevents the choking up of the blood vessels of the skin by which the excrementitious humours find ready escape, instead of being thrown back on the circulation, to find refuge on the lungs, kidneys, etc., interrupting respiration, and other evil consequences. These are a few of the essential indications of cure secured by the READY RELIEF.

A REPUBLICATION OF GOOD ADVICE.

TRY IT TO-NIGHT,—*"You will Sleep well and be Better in the Morning."* You have caught cold! another cough; can't raise the phlegm; irritation of the throat; a heavy pressure on one of the lungs; breath short; if you could only raise up that matter that sticks so tight, you would feel easy; a sharp pain every once in awhile troubles you near the heart, and sometimes pains in the shoulders and back. As soon as you lie down you have a fit of coughing; this is the experience of thousands at this minute.

Now, for Relief, Prompt, Quick, Immediate and Pleasant

Take at once a dessert-spoonful of SARSAPARILLIAN RESOLVENT—ah, yes, the obstinate phlegm is loosened, good! that is right, up with it, it relieves you; well, you feel much easier; now, then, rub the chest well for five minutes with RADWAY'S READY RELIEF; very good; the skin becomes reddened; you begin to perspire freely, and the soreness and pain are gone; now rub the back and shoulders with READY RELIEF a few minutes; pain gone; good! you feel like sleeping; very well, take twenty drops of READY RELIEF in some water—pleasant, stimulating, and tonic; now take six of RADWAY'S PILLS—then go to sleep. Morning. you look fresh; pleasant; no cough; have had a good, thorough operation, feel like eating a good hearty breakfast; no more cold, no sore throat or difficult expectoration. This treatment is simple, and sure to cure the worst colds between bed-time and breakfast. Try it to-night, all who have a cough from catching cold. Obstinate chronic coughs will in a few days be cured by this treatment.

CONSUMPTIVES, LOOK TO IT—New lungs cannot be made, but the SARSAPARILLIAN RESOLVENT will stop the decay and waste now going on, and repair the waste with new material made from pure, strong blood. It will stop your cough, give you strength, and keep you alive.

Consumption and a Complication of Other Diseases Cured.

(First Letter, June 16, 1893.)

DR. RADWAY & Co.—*Dear Sirs:* My wife, who had been ailing for two years from Palpitation of the Heart, Bronchitis, Catarrh of the Head, Fall of the Womb, Liver Complaint, etc., was taken down the first of March, with Lung Fever; when the fever broke, her physician told me that she was going into Consumption, and that I might make up my mind to part with her by the first of June, etc. When the doctor left I told my wife of the wonderful

cures your medicines had done; tried them; she improved from the first dose and she is now better, and is improving every day, but her left lung is a little sore at the bottom, etc.

(Second Letter, September 10, 1893.)

I take pleasure in thanking you for your noble and valuable medicines which have cured my wife of the horrible disease, Consumption, etc.

(Third Letter, October 6, 1893.)

As to publishing the letters, or any part of them, etc., it is perfectly agreeable to me for you to use all the information I can possibly give to the SICK and AFFLICTED. My wife is, to-day, enjoying better health than she has for the last five years. She was afflicted with Liver Complaint, Fall of the Womb, Palpitation of the Heart, Bronchitis, Catarrh of the Head, Kidney Diseases, Rheumatism and Consumption, when she began taking your valuable medicines.

I have been poorly myself for years, and since my wife's health has recovered, I have taken your medicines, and to-day I feel as I did when 25 years old, and as lively as a boy. The country around is full of contagious diseases and we have NONE OF THEM. I give a few Pills and Resolvent occasionally to my children, and they never take or catch disease; so you see why I think so much of your medicines, and why I am so thankful to you.

Respectfully, as ever, your friend.

SCIO, OREGON.

S. W. GAINES.

Every Family should keep a few bottles of Radway's Relief on hand.

CHILLS AND FEVER.

In cases of Intermittent Fever, Fever and Ague, Radway's Ready Relief, if taken as directed, will protect the system against attacks. People living in the worst Fever and Ague districts of this country, who for years had been subject to periodical attacks of Fever and Ague, have, by the wise use of Radway's Ready Relief, enjoyed the best of health, never experiencing a chill since the first week after using Radway's Ready Relief.

Prevention of Chills and Fever.

HUDSON RIVER BR'K MFG. CO.,

VERELANCK POINT, N. Y.

DR. RADWAY: My family are in the habit of trusting entirely to your Ready Relief and Pills as our household medicine, rarely requiring any other medical aid. I myself follow closely your directions in taking the Ready Relief as a preventive for Chills and Fever, say a teaspoonful in some water before my breakfast on an empty stomach when I visit my yard, as I am accustomed to do, at that time. The result is a perfect success, as I never take the fever, although I am located in a most malarious district, in which few of the residents escape malarious attacks, particularly of Chills and Fever.

My men and those who have come from Mr. Frost's yard experience the same beneficial effects by following a like practice as myself.

Very truly yours, JOHN MORTON, Proprietor.

CRAMPS AND FEVER AND AGUE.

CROTON LANDING, N. Y.

Messrs. RADWAY & Co.,

Gentlemen—Last season I employed about 150 men ; during the season they bought of me sixteen dozen bottles of Ready Relief, a large number of Pills and Resolvent. They use it in their drinking water, ten to fifteen drops to a glass, to prevent cramps and keep off fever and ague ; also for bruises, sore hands, rheumatic pains, sore throats.

If by any mischance we run out of any of them we have no peace until our stock is replaced. I myself take it before going out on the yard early in the morning, and am hardly ever troubled with fever and ague. This spring I was attacked with rheumatism and the Pills did me more good than any other medicine I took.

Yours truly,

S. HAMILTON, JR.

FURTHER INFORMATION.

DR. RADWAY'S NEW MEDICAL BOOKS.

Persons wishing full information in all varieties of disease and means of cure and prevention, should read Dr. Radway's New Medical Book, illustrated with figures of the Liver, Lungs, Kidneys, Bladder, Stomach, and other organs, called FALSE AND TRUE ; also, Radway on Ovarian Tumors, Radway on Scrofula, and Radway on Irritable Urethra and Self-Abuse, and "Radway on Venereal." (Price 10 cents.)

Copies will be sent to whoever will inclose one postage stamp, free of charge. Much valuable information, not proper to mention in our advertisement, will be furnished, and a full treatise of all complaints of ladies, and treatment of cure for all weakening and destructive discharges. Every family should obtain a copy.

A DOCTOR'S TESTIMONY.

DR. RADWAY & Co.: I am selling your R. R. Relief and your Regulating Pills, and have recommended them above all pills, and sell a great many of them, and have them on hand always. and use them in my practice and in my own family, and expect to in preference of all Pills.

Yours respectfully,

DR. A. C. MIDDLEBROOK.

DORAVILLE, GA.,

ANOTHER.

NEBRASKA CITY, Neb., March 18, '91.

DR. RADWAY & Co., Dear Sirs: I presume you find most physicians opposed to using proprietary medicines, and I am one of them to a certain extent. But when I find a prepared medicine that will do and accomplish the desired work for which I want it, I do not hesitate to prescribe and use it; and allow me to assure you we have found your Remedies to be very useful and have used and prescribed them quite extensively during the past three years, and shall continue to do so, so long as we find good results by so doing.

Please allow me also to say that I have been practicing medicine for 53 years so you perceive I should be (by actual experience) competent of knowing what good results are by using your Remedies.

D. P. NEIHART, M. D.

HIS OWN DOCTOR.

DR. RADWAY, New York—*Dear Sir:* I wish you would send to your humble servant one of your "False and True" books. I had one of them for ten years, and it is worn out. I can't do without it, for I make so much use of your medicines, and recommend them to my friends in misery, that I want one to go by.

I have seen a lady who was given up to die from consumption. Through my persuasion they tried the Ready Relief, the Resolvent and Pills, and she began to get better, and in six weeks she was able to get out of bed herself.

Your medicines do all that they are recommended for—especially in the case of a young man that had the measles, and who had a cough for four years last spring. He is as hearty as any one now; his mother said that I can beat all the doctors with your medicines. I am my own doctor as long as I can get your medicines. I remain your friend

NULLS MILLS, Fayette Co., Ind.,

JOHN H. McMULLIN.

Strong Testimony of Emigrant Commissioner, the Hon. George Starr, as to the Power of Radway's Ready Relief in a Case of Sciatic Rheumatism.

VAN NESS PLACE, NEW YORK.

DR. RADWAY—With me your Relief has worked wonders. For the last three years I have had frequent and severe attacks of sciatica, sometimes extending from the lumbar regions to my ankles, and at times to both lower limbs.

During the time I have been afflicted I have tried almost all the remedies recommended by wise men and fools, hoping to find relief, but all proved to be failures.

I have tried various kinds of baths, manipulation, outward application of liniments too numerous to mention, and prescriptions of the most eminent physicians, all of which failed to give me relief.

Last September, at the urgent request of a friend (who had been afflicted as myself), I was induced to try your remedy. I was then suffering fearfully with one of my old turns. To my surprise and delight the first application gave me ease, after bathing and rubbing the parts affected, leaving the limbs in a warm glow, created by the Relief. In a short time the pain passed entirely away. Although I have slight periodical attacks approaching a change of weather, I know now how to cure myself, and feel quite master of the situation. RADWAY'S READY RELIEF is my friend. I never travel without a bottle in my valise.

Yours truly,

GEO. STARR.

R. R. R. DIRECTORY.

Medical writers and Professors have characterized the several symptoms of diseases under certain names. There are, in fact, but few diseases in the long list of complaints that custom and long usage recognizes as entitled to a name but that owes its origin to one cause, and that is

IMPURE, BAD, WEAK BLOOD.

All diseases not induced by atmospheric malaria, inoculation, impure association, and other external influences *are generated in the blood*, and the cure must depend on restoring the blood to its original purity, strength and vigor, and this Dr. Radway claims is secured through the purifying, invigorating, strengthening and fruitful efficacy of RADWAY'S SARSAPARILLIAN RESOLVENT, READY RELIEF and REGULATING or PERFECT PURGATIVE PILLS.

SARSAPARILLIAN.

Associated with other powerful vegetable ingredients that form RADWAY'S SARSAPARILLIAN RESOLVENT, in curing the worst cases of Chronic, Scrofulous, Syphiloid, and Urinary Diseases, as well as Skin Diseases.

A medical gentleman inquires "If the Resolvent is a cure for Spermatrhea, Impotence, and discharges from the system that threatens dissolution," etc.,

THE RENOVATING RESOLVENT, when prepared under the old process, cured many persons in this city and elsewhere, who, from self-abuse, almost placed themselves beyond the reach of cure; but who were cured, and since married, and have children. This is good evidence of its powerful curative and fruitful efficacy.

As a Blood Purifier, it is superior to all Sarsaparillas—these decoctions are mere washes compared to the powerful, stimulating, strengthening, and life-invigorating effects of the true SARSAPARILLIAN RESOLVENT. So quick is this remedy in passing into the circulation, that it may be detected in the Blood and Urine in ten minutes after it is taken.

In ordinary Pimples, Blotches, Worms, or Insects in the skin, Black Spots, Sores, Eruptions, etc., a few doses is sufficient to make the skin clear, smooth, and healthy.

In aggravated Diseases of the Skin, Sores, Ulcers, Fever Sores, Salt Rheum, Syphiloid, Secondary or Primary, this remedy cures permanently, and has cured after the treatment of Ricord, Velpeau, Du Barry of Paris, and the same treatment in this country, failed. (For the theory of cure, see Dr. Radway's new medical book, *False and True*, now ready;) also, many other diseases not proper to mention in a public advertisement. But so powerful is this remedy, that physicians who formerly had no faith in Sarsaparilla are deeply interested in its wonderful effects as prepared by Dr. Radway in the SARSAPARILLIAN RESOLVENT.

It is acknowledged to be a superior, a safer, and more rapid cure than Buchu, Juniper, Cubebs, Turpentine, Copabia, etc., for all diseases of the Urinary, Bladder, or Uterine Organs, and the only sure cure for Ulceration and Degeneration of the Kidneys. Dr. Radway has for several years given special attention to diseases of these organs, and his treatise on Kidneys, Bladder, and the Urine in "*False and True*" is the most thorough and explicit of any published.

THE SARSAPARILLIAN RESOLVENT is the best remedy in the treatment of Consumption of the Lungs and Bronchitis. It purifies the blood and loosens the phlegm, so that expectoration is easy. It supplies the waste and decay of the body with new and healthy material, and repairs the emaciated body with new strength—it secures a good appetite, and checks the waste and dissolution of the lungs. A few doses in consumption will do good.

DAILY CHANGES IN THE DISEASED BODY

EFFECTED BY

Radway's Sarsaparillian.

Changes as Seen and Felt, as They Daily Occur After Using a Few Doses of the Sarsaparillian Resolvent.

1. Good spirits; disappearance of weakness, languor, and melancholy; increase and hardness of flesh and muscles, etc.

2. Strength increases; appetite improved; relish of food; no more sour eructation or water-brash; good digestion; calm and undisturbed sleep; awake refreshed and vigorous.

3. Disappearance of spots, blotches, pimples; the skin looks clear and healthy; the urine changed from its turbid and cloudy appearance to a clear cherry or amber color; water passes freely from the bladder through the urethra, without pain or scalding; little or no sediment; no pain or weakness.

4. Marked diminution of quantity and frequency of involuntary discharges (if affected in that way), with certainty of permanent cure. Increase of strength exhibited in the secreting glands, and functional harmony restored in the several organs.

5. Yellow tinge in the white of the eyes, and the swarthy, saffron appearance of the skin changed to a clear, lively, and healthy color.

6. Those suffering from weak or ulcerated lungs, or tubercles, will realize great comfort in expectorating freely the tough phlegm of mucus from the lungs, air cells, bronchi or windpipe, throat or head; diminishing of the frequency of cough, general increase of strength throughout the system; stoppage of night sweats and pains, and feelings of weakness around the ankles, legs, shoulders, etc.; cessation of cold chills and sense of suffocation; hard breathing, and attacks of cough on lying down or rising in the morning. All these distressing symptoms gradually and surely disappear.

7. As, day after day, Sarsaparillian is taken, new signs of returning health will appear; as the blood improves in strength and purity, all foreign and impure deposits, Nodes, Tumors, Cancers, Hard Lumps, etc., will be resolved away, and the unsound parts made sound and healthy. Ulcers, Fever Sores, Syphiloid Sores, Chronic Skin Diseases, gradually disappear.

8. In cases where the system has been salivated, and mercury, quicksilver, corrosive sublimate (the principal constituent in the advertised Sarsaparilla, associated in some cases with Iodine of Potash), have accumulated and become a deposit in the bones, joints, etc., thus causing Caries of the Bones, Rickets, Spinal Curvatures, Contortions, White Swellings, Varicose Veins, etc., the Sarsaparillian will resolve away all these deposits, and exterminate the virus of disease from the system.

9. If those who are taking these medicines for the cure of Chronic or Scrofulous or Syphilitic disease, however slow may be the cure, feel better and find their general health improving, their flesh and weight increasing or even keeping its own, it is a true sign that the cure is progressing. In these diseases, the patient either gets better or worse—the virus of the disease is not inactive; if not arrested and driven from the blood it will spread, and continue to undermine the constitution. As soon as the Sarsaparillian makes the patient feel better, every hour he will grow better and increase in health, strength, and flesh.

SARSAPARILLIAN

Prepared as this remedy is now, as a constituent of the SARSAPARILLIAN RESOLVENT, and its associations with other ingredients, enhances its value in cases where its administration is indicated as a specialty.

CROUP, CONSUMPTION, CONGESTION OF THE LUNGS.

In cases of croup, diphtheria, influenza, inflammation or thickening of the bronchi or windpipe, difficult breathing, tightness of the chest, difficulty of raising phlegm, cold in the lungs, and in cases of consumption, sores, and ulcers on the lungs, bronchitis, there is nothing in the repertoire of medicine that will afford so quick relief and cure of the patient as the SARSAPARILLIAN RESOLVENT. *One teaspoonful* given, when either of these symptoms appear, and the chest, lungs, throat and back rubbed with RADWAY'S READY RELIEF, will afford immediate relief to the sufferer. Now, if physicians, in these cases, will prescribe this simple remedy they will achieve a grand reputation, and will always gain their case. Let not this advice pass unheeded; thousands of children have been cured of croup, when all hopes failed, by half a teaspoonful of the SARSAPARILLIAN RESOLVENT and bathing the throat and chest with the RELIEF. In cases of lung affections, one teaspoonful for an adult, whenever seized with a cough, and the RELIEF rubbed on the chest, will afford instant relief. The regular dose, one dessert-spoonful three times per day, two to six of RADWAY'S PILLS as the bowels are costive or laxative, will soon arrest the progress of this consuming malady. There is no remedy so positive of affording relief and keeping the consumptive alive, of keeping up the general strength and invigorating the patient as the SARSAPARILLIAN RESOLVENT. The combination of the Sarsaparillian, Pareira Brava, Hemedesmus, Indicus, Ipecacuanha, with the nutritious properties of the Amygdala Persica and the three newly-discovered roots from Japan, supplies a perfect cure for all forms of chronic scrofulous diseases.

THE DOSE.—The general dose for adults is from one to two teaspoonfuls.

But the patient after taking a few doses will be better able to regulate the quantity than we can prescribe. If the patient finds, after taking a few doses, that two teaspoonfuls is too powerful, reduce the dose to one teaspoonful, or if one teaspoonful should create nausea, take half a teaspoonful; it is so prepared that the stomach will regulate the dose. One teaspoonful, in many cases, is sufficient; in others, two teaspoonfuls will be required, and in some cases a tablespoonful will be an ordinary dose. For children (See directions in the case).

CONGESTION OF THE LUNGS.

If suddenly seized with Congestion or Inflammation of the Lungs, Pneumonia or Pleurisy, rub the chest and side, back and spine freely with Radway's Ready Relief, give the Resolvent in doses of a teaspoonful *every hour*, and take six or eight of Radway's Pills. In the most distressing forms, the patient will breathe freely and easy. In a few minutes after the rubbing with the Relief, and swallowing the Resolvent, all danger will be passed as soon as the Pills operate; but it is well to continue the Resolvent and Pills in small doses for several days, and to wear around the body flannel soaked with Ready Relief. Even if epidemic, life will be preserved if this simple treatment in the above form is followed.

COLD AND PAIN IN THE LUNGS CURED.

ASHLAND, WIS.

DR. RADWAY—*Dear Sir:* For a long time I intended to write to you a few lines lauding your Sarsaparillian Resolvent. Eighteen years ago I recommended this remedy to a Dr. Zimmerman, of Owatonna, Minn., an old friend of mine, and told him that there was no better medicine against Cold and Pain in the Lungs. He tried it and then thanked me very much, saying also that there could not be a better one in those cases mentioned, and now recommends it to his patients. I also recommended your medicines to Mr. Bixby, druggist in Owatonna, and upon my request he has taken some in stock. In Appleton, Wis., I met a young married man who had a bad cough, and they were fearing for consumption. I recommended your Sarsaparillian Resolvent, and some time later I saw him fresh and healthy; he pressed my hand warmly, and said that if I had not been he would have been buried now; it cured him very quick. Some sixteen years ago (in Duluth) a man came to me telling me that his wife was dying on account of coughing; he had tried two doctors, but without result. I got your Sarsaparillian and a few days after she was all right. When children cough one dose is sufficient to stop it. I again express astonishment over this medicine, and I can only counsel everyone to keep it in the house; it prevents in many cases a severe sickness, etc.

Yours truly,
F. KRUSCHKE.

BRONCHITIS, COUGHS, DIPHTHERIA,

And all Pulmonary Diseases Cured by Radway's Sarsaparillian Resolvent.

Few persons but are troubled more or less with difficulty of raising Phlegm, a thick humor or matter, deposited from the blood, that obstructs the air passages and glands of the Bronchia, etc. The accumulation of this matter leads to Ulceration, Tubercles and Consumption, and the patient suffers great distress until it is removed. One teaspoonful of the Resolvent will loosen the Phlegm and enable the patient to expectorate with ease. Every person troubled with Cough, Bronchitis, Catarrh, Tightness of the Chest, Phlegm, Inflammation of the Lungs, Congestion, etc., should take a teaspoonful of the Sarsaparillian at once, and rub the chest with Radway's Ready Relief. If the cough is constant, take the Resolvent regularly—three or four times a day—or whenever a fit of spasmodic cough seizes you.

CONSUMPTION, NIGHT SWEATS AND HOARSENESS CURED.

SAVANNAH, GA.

DR. RADWAY & Co.—*Dear Sirs:* In the year 1867 I was for six or eight months in bad health from various causes. I thought several times I had consumption. I could taste blood every time that I coughed, and I tried all the cough syrups I could hear of, had the doctors to mix me up several remedies, but none of them did any good. Every night I had night-sweats, with a pain in my breast. I got one bottle of your Resolvent, and the difference it made in me—it is no use for me to try to write it. I am most ready to say it cured me, but my blood was in a bad condition and I took several of them since that time. I asked a friend, "What are you whispering about?" He said: "I have not spoke a loud word in two weeks." I told him to get one bottle of Radway's Resolvent, and take about six or eight times a day about one teaspoonful at a time, just enough to keep the glands of the throat wet, and a dessert spoonful on going to bed. It made him talk aloud in one day. It is no use for me to try to explain the virtue of your medicines. About two weeks ago I bought six bottles. I am now taking it. I can sleep good and I feel all right. I always take it in the spring of the year to keep my blood right. So I will come to a close. Respectfully yours,

JAMES S. FOT, Savannah, Ga.

ALARMING INCREASE OF DISEASES

OF THE

Kidneys, Pancreas, Bladder and Urinary Organs, involving Calculous Deposits, Stone in the Bladder, Albuminaria, (Bright's Disease of the Kidneys,) Irritation of the Bladder and Urethra, Disease of the Prostate Gland, Retention or Incontinence of Urine, Bloody Discharges from the Urethra, (Hæmaturia) Diabetes, Weakening Discharges from the Urinary Organs, Leucorrhœa, Female Weakness, Chorea, Chlorosis, Prolapsus Uteri, Ulcers and Tumors. The Cause, the Prevention, the Remedy. The Cure Explained. Stricture, Lithic and Phosphatic Diathesis. Tests of Urine.

INTEMPERANCE THE PRINCIPAL CAUSE.

The Cure.

The scientific combination of ingredients that forms the Renovating Resolvent are so prepared as to harmonize with each other, making a cure of all diseases of the Kidneys, Bladder, Urethra, and Womb, simple and quick. One of the ingredients of this remedy is so rapid in its action on the Kidneys and Bladder that it has been detected in the urine *in a few minutes after the Resolvent has been taken.*

Its presence in the urine is readily detected by adding to the urine, when cold, a portion of starch, and then a few drops of nitric acid, when a blue color will be produced. A remedy so swift as this in its action on diseases supplies a want that has ever existed in Pharmaceutical Science.

The application of Radway's Ready Relief to the entire length of the spine and across the small of the back will, in a few minutes, relieve the patient of the most intense pain, and greatly assist the Resolvent in effecting a cure. Professor Lawrence Reid, late of the N. Y. Hospital, has used it with great success. Rub the spine with Relief until it becomes reddened. A sense of heat or burning, not unpleasant, will sometimes be experienced for several days after the application of the Relief. This is a true sign of increased vitality of the parts affected, and should be hailed with delight by the patient.

Without going into a pathological investigation of the numerous symptoms of Kidney and Urinary diseases, or of the functions of these glands, we will only notice in this review the general influence that induces these ailments, and the cause of their rapid increase. Christison regards granular degeneration of the kidneys as "owing to a *vice* of the system of nutrition." [See Tweedie's Library of Medicine, 2d American Edition, Vol. 3, p. 271.] When we consider the large amount of refuse matter rejected by the absorbents, and other secretions, intended to repair the waste of the body, and form healthy material to sustain life that is not ejected through the alimentary canal, or by respiration through the pores of the skin, we can readily appreciate the importance of the kidney, bladder, &c., in secreting and discharging through the urine these humors, which, if left in the system, would cause death, we can at once realize the important influence of the food we eat, and the liquid we drink, over the kidneys and the glands depending on their secretions. The ejected humors, or fluids, either pass off through the alimentary canal, the pores of the skin, or are discharged by the kidneys. Liquids, either water, ales, liquors, or other

fluids, received in the stomach and taken up by the absorbents, the kidneys is the organ through which they find a natural exit. So with regard to food; although the intestinal canal is the natural outlet, a portion of its element is carried off by the kidneys. The healthy condition of the kidneys, bladder, pancreas, are more particularly governed by the quality and quantity of the food we eat and the liquid we drink, so far as their natural condition are concerned. True, these organs are more or less impaired through sympathy and the symptomatic condition of other organs and glands in the system. Derangement of the liver, spleen, stomach, bowels, skin, or any other organ of the system, will derange the functions of the kidneys. But the primary cause of the great increase of kidney and other diseases is indebted more to the effects of the style of living, quantity and quality of food, and the immoderate use of intoxicating drinks and Whisky Bitters, which are advertised as medicines, than from all other causes combined.

City Inspector's Report of Deaths from the Urinary System for Thirty-three Months.

JANUARY 1, 1865, TO OCTOBER 1, 1867.

Jan. 1 to	31, 1865, (12 mos.)	945.	Average per month	78.75.
" 1 to	31, 1866, "	762.	" "	63.5.
" 1 to	1, 1867, 9 "	1298.	" "	144.

Bear in mind this is only the deaths reported in this city. Of the number of persons now suffering with these difficulties it is impossible to estimate. It is safe to put down at least one out of every ten habitual whisky-drinkers, either in the form of "Bourbon straight" or Whisky Bitters, as sufferers of urinary complaints. This is ten out of every hundred (10 per cent.), a greater per centage than from any other disease.

A few years since it was seldom we heard of a death from Bright's disease of the kidneys (Albuminuria, rotting or wasting away of the kidneys). Now, we seldom read over the weekly reports of deaths but that this frightful disease is in the record. Whisky and Whisky Bitters, under the name of medicine, is making frightful slaughter among our people.

In presenting the Renovating Resolvent as a curative for all forms of Kidney, Bladder, and Urinary complaints, we are governed by experience. First, it possesses the elements of cure in its combination that has proved most successful in every country, climate, and variety of character where it has existed. Some of these ingredients, administered as specifics by the most eminent practitioners, have achieved unexpected success; and now that they are associated or combined with other agents of no less, and with some of far greater, remedial power in the Resolvent, failure is improbable and almost impossible. Let those afflicted try it, use the Relief as an adjunct, and if a purgative, aperient medicine is required take Radway's Pills, and a cure may be relied upon with absolute certainty.

Calculous Concretions, Stone in the Bladder, Dissolved by Resolvent.

The diseases of the Kidneys, Bladder, and their kindred glands and organs are among the most difficult of treatment and cure; yet, if physicians would cast aside the popular prejudice of the profession against

secret and tried popular remedies, much misery would be saved the patient and better reputation reward the physician. We have witnessed the cure of hundreds of patients afflicted with many of the worst forms of kidney and other complaints by Radway's Resolvent Pills and Ready Relief. A gentleman connected with the *N. Y. Sunday Courier*, published by James Smith, Esq., reported a cure to us where a friend of his had suffered the most agonizing pain for several days from inflammation of the bladder, kidneys, and ureters, owing, it was supposed, to calculous concretions. The physician in attendance had exhausted all means and remedies that medicine afforded, without relieving the patient. His friend having great faith in Radway's remedies was determined to try them.

The doctor stated he could do no more, and considered the case hopeless. The friend then applied the Relief to the spine and small of the back, and bandages saturated with the Relief around the body, gave the Resolvent in doses of a dessert-spoonful every three hours, and six of Radway's Pills every nine hours. In a few hours after rubbing the spine with the Ready Relief, the pain ceased; and in two days the patient recovered so as to attend to business. This case was, we believe, published in the *Sunday Courier* at the time, by the gentleman who witnessed the cure.

There is no physical condition of the human system wherein the courage, endurance, fortitude, and patience of the afflicted is required more than in Calculous Concretions, or Stone in the Bladder, Kidney or Ureters. The passage of these concretions, however minute, from the kidneys through the ureters into the bladder, is attended with the most agonizing pain, and not infrequently of fatal results. It is, therefore, of the utmost importance that whenever calculous diathesis is indicated, either by voiding with difficulty bloody urine, or micturating urine in drops, attended with sharp burning and pricking pain along the urinary canal in the region of the kidneys, frequent fits of vomiting, numbness, cramps in the thighs, followed by inflammation of the kidneys, &c., immediate application of the Ready Relief to the entire length of the spine and small of the back should be made, and Radway's Pills, in doses of four to six every six hours, to promote active purgation, and to withdraw all irritating humors from the region of the kidneys, and from the blood and juices of the stomach, pancreas, &c., and purge these humors from the system. Radway's Pills are the best, and, in fact, the only purgative that should be used in these cases. Owing to their mild, soothing, healing, and thorough expulsive power, *straining when at stool is avoided*. The Resolvent should be given every three hours, in doses of two teaspoonfuls. It being a powerful SOLVENT, diuretic, alterative and lithontriptic remedy, assimilates with the urine, thus *preventing* the formation of concretions and dissolving the calculi, or, at all events, rendering it brittle, and facilitating its passage through the ureters into the bladder. Under the most favorable condition of the system, the passage of calculous concretions, or their retention in the kidneys, ureters, or bladder, involves much agony; and considering the alarming increase of the diseases of these organs and urinary difficulties, inasmuch as calculous is more or less caused by the morbid state of the urine, great caution should be used in preventing its formation. Wherever a turbid state of the urine appears, or deposit of brick dust, albumen or other sediments at the bottom of the vessel is detected, the use of Dr. Radway's Relief, Pills, and Resolvent should be immediately resorted to. They will soon remove these signs and prevent further trouble. Notwithstanding the general disbelief of many eminent medical men of dissolving or removing stone in the bladder by medicine given internally, we have good and sufficient authority to claim this power for the *Renovating Resolvent*. We have several marked cases where the solvent

properties of the Resolvent has accomplished it. One of the ingredients used in the composition of the Resolvent as early as 1688 was held by European practitioners as possessing the properties of a diuretic, aperient, tonic, and lithontriptic in the highest degree; and of late years it has cured, both in France and England, calculous, chronic inflammation and ulceration of the kidneys and bladder. Sir Benjamin Brodie [see U. S. D., 688] found it useful in chronic inflammation of the bladder, allaying irritability, and correcting the disposition to profuse mucous secretions. Prepared as it now is, and combined with other powerful remedial agents in the Renovating Resolvent, there can be no question or doubt but that its administration in all forms of calculous concretions will be beneficial. In cases of Calculous Concretions, Gall, Stone or Urinary Calculi, we recommend a teaspoonful of Olive Oil to be taken when taking the Resolvent.

Treatment.

In all ordinary complaints of the skin, Salt Rheum, Eruptions, Sores, Pimples, Pustules, Tetters, Rash, Boils, Humors in the Blood, general weakness or debility, and other simple ailments, one bottle and one box of Radway's Pills is sufficient for a cure. But in old chronic diseases, caused by mercury, quinine, and other maltreatment, Scrofula, Syphilis, Glandular and Calculous diseases a more thorough treatment is required.

A Good Sign.

In many cases the young of both sexes, who are troubled with simply Pimples, Blisters, and other ordinary skin disfigurements, will find, during the use of the first or second bottle of the Sarsaparillian Resolvent, an *improvement* of the appearance of Blemishes, Sores, Spots, etc. NOW, THIS IS THE BEST SIGN you could wish, as it proves that the Resolvent is separating the poisons, humors, and effete deposits that corrupt the blood from the healthy constituents of the body, and driving them out of the system through the skin. In such cases the patient should take a few doses of Radway's Pills, to act as a brisk purge, and continue the Resolvent. These pimples will soon pass off, and then you will have a pure, clear, SWEET and healthy skin.

Case of Gravel and Renal Calculi—Lithontriptic Effects of Radway's Sarsaparillian Resolvent Established.

DAVENPORT, IOWA, April 15, 1892.

DR. RADWAY.

Dear Sir:—Enclosed I send you a sample of lime or sand that comes from my kidney or bladder. I wish you would see what it is, and advise me if I am doing all I can. I have taken your Resolvent and Pills; am able to attend to business, and have had one hundred gravels come from me in 1889 and 1890, and one in 1891, but none since. Though I was well, until a week or two ago this fine stuff commenced coming, and now I believe there is a larger one in the kidney or bladder. I have taken four bottles of Resolvent this last month, and think that is dissolving the larger ones, and makes the fine stuff. If so, please write me how I shall prevent it collecting, and also, what shall I eat; will fruit acids hurt me, or help to make more sediment? Please write me what kind of diet I must have, and how to take the medicines. I have had no doctor, only your "False and True," but I think your advice will be some help to me. Please write by return mail.

Yours truly,

F.——J.

Sir:—Yours of the 15th received. We would advise you to take the Sarsaparillian Resolvent in *teaspoonful* doses after each meal, and two teaspoonfuls at night when you retire. The bowels are not to be purged, but the Regulating Pills used in small doses, no larger than is sufficient to gently move them, to be taken at night. If there be pain or uneasiness over the Lumbar region, make a free application of Ready Relief.

So much for medication. Now, we enjoin upon you to dress warm and avoid exposures, cultivate freedom from care, and relinquish all exhausting habits and pursuits. You should allow yourself a generous diet, and do not take salts or saline draughts of any kind. In regard to the use of acid fruits, if you use soft water to drink you might venture on a moderate use of them, and observe their effects on your constitution. We are inclined to think they might do good. The use of hard or lime water with rhubarb, sorrel and like acid plants are often very mischievous, forming as they do an oxalate of lime, a constituent of one kind of gravel.

We regard your case to be a formation of the salt, Phosphate of Magnesia, and we think you curable.

With respect, RADWAY & CO.

SMALL DOSES CONTINUED FOR A LENGTH OF TIME IS THE RULE TO PRODUCE LITHONTRIPTIC EFFECTS.

Sarsaparillian Resolvent and Scrofula.

POPLAR SPRINGS, Henderson Co., Tenn.

DR. RADWAY.

Sir:—I am proud to write you that my daughter has improved rapidly. She has been in the use of your Sarsaparillian and Regulators ever since May; her skin has a better appearance, every way the system seems to be built up.

In May, her weight was 111 pounds, now it is 116 pounds. Doctor, I would like to know whether a suspension would be necessary, or to continue the use of your medicines regular. She has taken them according to the directions you sent to me in May, and we are well pleased with the effect, for which I feel very thankful, as she was given up by one of the most eminent physicians in the country, &c.

M.——J.

Rheumatism and the Kidneys.

NEW ORLEANS.

DR. RADWAY, New York.

Dear Sir:—For years I was troubled with Rheumatism in my right arm, so much so that it affected my writing. Once I wrote a copper-plate hand, but the rheumatism attacked me so frequently and severely that my writing was seriously impaired. I have not written at all as well as this for months.

Your Ready Relief cured me in a week. A friend of mine who suffered for years with what was deemed an incurable affection of the kidneys, requested me to say that a box of your Regulating Pills completely cured him. And now, my dear doctor, if you consider this worthy testimony in favor of your invaluable medications, you are welcome, and if you wish to use it to your advantage you have my full permission to use it, and my name, too, if you wish.

Very respectfully, B. G. JONES.

FOR LADIES ONLY.

It is not at all times pleasant or convenient for a lady to consult a physician for every disagreeable or annoying symptom that may occur. In Dr. Radway's Sarsaparillian, Pills, and Ready Relief—as the nature of the ailments indicate—a remedial agent is secured that will at once remove all infirmities, ailments or sickness that may arise through impaired or disturbed functional secretions, be it Leucorrhœa (Whites), a Suppression of the Menses, Profuse Menstruation, Colorless Discharges, Green Sickness, or Uterine Tumors.

Many ladies seem to be rapidly losing flesh—and are sensible of a gradual waste—without suffering from cough or any marked sign of consumption. They feel melancholy, disheartened, fretful, and feel as if they were alone in the world, when surrounded with every luxury the heart could wish, and are, indeed, martyrs to great mental and physical suffering. In these cases (Melanosis) the bile is misdirected, and, instead of being properly secreted by the liver, is retained and becomes a foreign constituent of the blood. In many cases when this takes place the skin becomes of a yellow tinge—the eyes yellow and inflamed, and the face covered with black spots, like worms, etc. Now, if ladies afflicted in this manner will take three or four of Radway's Pills every night, and a dessert-spoonful of the Sarsaparillian Resolvent three times per day, a happy change will soon follow; all these bad symptoms will soon disappear, and the weak, emaciated, and wasting body will soon become healthy and robust. A lady called on me yesterday, (4th of August, 1893,) weight, 160 lbs. She said: "Last March I left this city to go home to die; when I arrived at home (Rochester) I was nothing but skin and bones—no appetite, no spirits, no sleep, but cold sweats and nervous trembling. I saw your book called 'False and True,' and at once commenced using your remedies. I used the pills 4, 5, 6, then 5, 4, 3, 2—in this order every night, the excrements that came from me were like clotted blood. I took the Sarsaparillian Resolvent—at first three times per day, then four, then five times per day—and had my spine rubbed three times per week with the Ready Relief. After using these medicines, one month I was a new woman. I gained in flesh rapidly, my spirits became buoyant, appetite good, and my menses regular—that is what your medicine has done for me!"

DR. RADWAY—Having some experience of your medicines, I take this opportunity of writing you a few lines to let you know of its work. I have a married daughter living near Vandalia, Illinois; she became afflicted with the womb disease; she tried two doctors there without success; she came back home; I got two doctors to examine her, and one said that he thought she could be cured, the other thought not; she came back home in despair. Some months after she wrote me a letter; she was well and hearty from the use of your medicines.

Leaman Corner, Ind.

THOS. GLASCOCK.

DROPSY.

The Sarsaparillian and the Pills, in large doses, should be taken by dropsical persons. They will not only reduce the swelling, but remove the cause of the swelling, which is the disease of the Liver, Kidney, or Heart, as the case may be. In this disease the Resolvent shows its great power over the absorbent system. Dropsical swelling frequently results from cases of Fevers, Measles, Consumption and Scrofula.

OVARIAN TUMORS.

CASSEVILLE, BARTOW CO., GA.

DR. RADWAY:—I have had a tumor in the womb, which grew to my back; it was caused from inflammation; my kidneys were also affected, in which condition I suffered for nine years. The greater part of the time I was helpless, had to be helped on the bed and helped off; could not walk without a crutch. I tried every thing I could get, but all to no benefit; till at last I got some of your medicines, and have taken twelve bottles of Resolvent, with the Relief and Pills, according to your directions, about one year ago. I am now about well; can walk straight and go anywhere I want to; whereas before I could not get off the bed without help. You have my sincere thanks for your medicines. I shall use no other medicines but yours. There is hardly a day that passes over my head but what I think of the wonderful cure that your medicines have done for me. I write this, for you to see what your medicines are doing, and for the benefit of others that are suffering. You can publish this if you choose.

Respectfully yours,

MRS. P. D. HENDRIX.

HILLSBORO', OHIO.

MESSRS. RADWAY & Co.—Gentlemen: As it no doubt affords you satisfaction to know of the success of your medicines, we write you an account of a cure of Ovarian Tumor by your Resolvent which is exciting great interest in this community.

About eight years ago, the wife of one of the best known citizens of our county, and former member of our State Legislature, began to swell in the pelvic regions, and the physicians here could give her no satisfactory information in regard to the trouble. She went to her old family physician in Massachusetts who told her, to her horror, the real condition. She consulted physicians in Boston, who advised an operation to which she refused to submit. They were candid enough to tell her that they suspected adhesions of the sac of the tumor, which would make an operation very complicated and severe, and of course extremely hazardous.

The tumor had been steadily growing until last March when her appearance was most miserable; her abdomen protruded far out and her general health was severely affected. A lady friend advised the use of the Resolvent. She began last March to take your Resolvent, Relief and Pills according to directions, but without apparent benefit until about a month since, when suddenly she began to discharge enormous quantities of fluid from her bladder, having, at the same time, copious and repeated liquid discharges from her bowels. In one day the circumference of her body diminished to the extent of nine inches, and within one week she was reduced to her natural size; she rapidly recovered her health, and two weeks later went several times to the woods, nutting, etc., and ran around like a school girl. Her recovery seems fully established, and she is now a neat, graceful looking woman, able to wear the latest fashion of dresses, and enjoying life with a relish that those only enjoy who have been at death's door for months. Her age is about 45, a very intelligent, educated lady.

Yours very respectfully, SNYBERT & Co., Druggists.

DR. RADWAY—*Sir*: For twelve years I suffered from an Ovarian Tumor. Last March I commenced taking your medicines, and continued the use of the same for nearly five months, with very little *apparent* benefit; very suddenly I began to diminish, and in two weeks was sixteen inches smaller around the abdomen. I consider myself entirely cured.

HILLSBORO, OHIO,

Yours respectfully, MRS. J. H. JOLLY.

The reader is referred to the case of Mrs. E. C. Bibbins, of Ann Arbor, Mich., published in our "False and True," page 16, as a most remarkable cure of an advanced case of Ovarian Tumor, by the R. R. R. Remedies.

CHANGE OF LIFE.

BEAVER'S COVE, C. B., N. S.

DR. RADWAY: Allow me to bear my testimony in favor of your valuable remedies, according to the remarkable benefits which I experienced by its use. If all the ladies would only know how valuable your medicines are for the change of life they would certainly buy them. Quite a number in this locality are beginning to know how good it is. For the many critical periods in a woman's existence, it is a new found treasure. If continued regularly when change of life begins to appear, it will add years of joy and good health to all. My neighbors have great faith in your medicines. I wish to send one of your books, called FALSE AND TRUE, to a lady that wants to practice your remedies. Please send it at once, and address

JAMES MCKINNON, Teacher.

Important to Persons Advanced in Years.

Troubled with Constipated Bowels and Difficulty of Passing Water, Imperfect Digestion, Food Converted to Water.

Letter from a well-known citizen of Ohio. Mr. J. HILDRETH, aged 68 years, Mansfield, O.

MANSFIELD, O.

DR. RADWAY: Inclosed find one dollar. Send by mail as many of your REGULATING PILLS as you can afford. I wish your PILL and RESOLVENT. I like them very much and recommend them to others. Our druggists have none; they say the run is so great they have sold out. I am free to say, for myself, they are the best medicine I ever found. I wish you would inform me if there is any danger if they are retained in the system for a length of time, by taking one or more every evening for a length of time, as there are many good medicines that are injurious to take for a length of time. * * * I have for several years been troubled with COSTIVENESS, so that even *injections* would not procure an *evacuation*. I was all the time in *more or less pain* from the flatulency, with large discharges of wind. At the same time I was afflicted with *urinary difficulties*; at times it *almost killed me to pass water*. very scanty and in drops, at other times large quantities, almost amounting to diabetes. My age is 68. I tried everything I thought would do good; nothing afforded relief. In short, I procured one box of RADWAY'S REGULATING PILLS, took six, free evacuations followed—no sickness, no pain. Took two at bed time, this secured a stool each day; sometimes would take three, at others four, each day; result, regular for several days without pills. All pain and trouble from wind ceased. Got one bottle of R. R. RESOLVENT; *urine now all right*. I am well known, more or less, all over this State, and not unfavorably for truth and veracity. Send pills without delay.

(Signed)

J. HILDRETH.

SCROFULA,

whether transmitted from parents or inoculated, is within the curative range of the Sarsaparillian Resolvent.

Cures have been made where persons had been afflicted with Scrofula from their youths up to twenty, thirty and forty years of age, who were cured by the Sarsaparillian Resolvent—since married and had children, and no trace of the taint up to twelve, and some as old as fifteen years, were exhibited in the children. This ought to be good evidence of its power in exterminating the taint of Scrofula from the system.

It possesses the same wonderful power in curing the worst forms of strumous and eruptive discharges, Syphiloid, Ulcers, Sores of the Eyes, Ears, Nose, Mouth, Throat, Glands, exterminating the virus of these chronic forms of diseases from the BLOOD, BONES, JOINTS, and in every part of the human body where there exist diseased deposits, Ulceration, Tumors, Hard Lumps, or Scrofulous Inflammation, this great and powerful remedy will exterminate rapidly and permanently.

SCROFULA CURED.

ST. HYACINTHE, P. Q., CANADA.

DOCTOR: As last fall I completely and marvelously cured a victim of Scrofula in its last stage by following your advice, given in your little treatise on that disease, I would feel much obliged if you would forward me your treatise on Irritable Urethra and Self-abuse (illius.), for which I enclose stamps. I need it absolutely at once, as the poor victim of ignorance is hurrying fast to his grave.

In haste, your confrere.

RANDOLPH MCINTYRE, M. D.

See "Radway on Scrofula," and Almanac for other extraordinary cures of Scrofula.

A VOICE FROM LIBERIA, AFRICA.

I have for several years used Dr. Radway's excellent Remedies in my family, and find them deserving of all that might be said of them. The Relief, Resolvent and Regulators comprise the list which stands the test of our climate so admirably well. I always keep a supply of these medicines on hand, and never think my family safe without them. Notwithstanding many other medicines are introduced and sold here, there are none to compare with Dr. Radway's when faithfully used according to directions. In such a case, cures are sure to follow.

DAN'L J. DENNIS.

Comptroller, Treasury Department,

MONROVIA, LIBERIA, AFRICA.

LIBERIAN GOVERNMENT.

POISONED BLOOD.

GENTLEMEN:—I think it my duty to inform you that about thirteen years ago I had a very small red spot come on my leg just above the ankle. It soon became very painful, and kept increasing in size. I said to my wife: "That is just how father's legs began at first, and I am afraid I shall have bad legs like him."

A friend of mine told me to "go and buy a bottle of Radway's Sarsaparillian, and that will cure you."

I gladly went and purchased a bottle, and my leg soon began to be less inflamed, and a second bottle made a complete cure; and my legs to-day are sound and good, thanks to Radway's Sarsaparillian. I am, gentlemen, yours respectfully,

DANISON MULLA, P. O., QUEBEC.

JOSEPH BUSHELL.

EXTRAORDINARY CURES

daily reported of diseases for which these remedies have not been recommended by us, and the report of these wonderful cures have been as surprising to us as to the general public. We have for years received letters of cures of such extraordinary and marvelous character that we have refrained from publishing them, and the letters we now publish we withheld until urged by the writers and their friends, for the benefit of the public, to make them known. We give the names and post-office address of each, so that those interested may write them; and we also recommend the sick to write the ministers of the churches in each place, to ascertain the trustworthiness of the writers. We desire all who may feel inclined to commence the use of Dr. Radway's Remedies to learn all the facts respecting these cures, so "that their faith" in the remedies "may be well founded" in the hope of a cure.

Tumor of Twelve Years' Growth Cured by Radway's Resolvent.

BEVERLY, MASS.

DR. RADWAY—I have had an Ovarian Tumor in the ovaries and bowels. All the doctors said, "there was no help for it." I tried everything that was recommended, but nothing helped me. I saw your Resolvent, and thought I would try it, but had no faith in it, because I had suffered for TWELVE YEARS. I took six Bottles of the Resolvent, one Box of Radway's Pills, and used two Bottles of your Ready Relief; and there is not a sign of a tumor to be seen or felt, and I feel BETTER, SMARTER, and happier, than I have for twelve years. The worst tumor was in the left side of the bowels; over the groin. I write this to you for the benefit of others. You can publish it if you choose.

HANNAH P. KNAPP.

A Strong Endorsement.

MR. BENJAMIN LEFEVRE, No. 28 Pleasant Street, Salem, Mass., writes, I have known Mr. and Mrs. Knapp for over twenty years, and know what she states is wholly true. This remarkable cure has surprised hundreds. * * * * * Mrs. Knapp now looks well. Nothing hurts that she eats; bowels operate and discharge naturally. A lady in Upper Beverly had a very bad tumor, and did not expect to live long, is now taking your Resolvent, and feels better already.

A Lady Cured of Fluor Albus, and Neuralgia that had Baffled the Doctors.

DR. RADWAY—Dear Sir: I beg leave to address you, hoping you will kindly give me an answer to a question that is of great importance to me.

First, let me tell you that your medicines have been a blessing to me and mine; my wife has been cured of Fluor Albus of FOUR YEARS' standing, by the use of your remedies, also of Neuralgia which has baffled our doctors.

I spent nearly all of two years of my wages all to no purpose, and was persuaded to try your medicine, and, sir, it took less than \$10 to cure her of both. The consequence is she will have no other medicine, and, so long as it does as well as it has in the past, I shall agree with her.

Yours respectfully,

R. C. CRABILL,

Toms Brook, Shenandoah Co., Va.

Cures, Ordinary and Extraordinary.

The great cures of ordinary diseases, even of CONSUMPTION TUBERCLES IN THE LUNGS, diseases of the Kidneys, Bladder, and Urinary Organs, Gravel, Dropsy, and all weakening discharges, are readily explained. In fact, CONSUMPTION, although never heretofore yielding to medicine after being thoroughly established, because there has been no medicine that possessed the great power of the SASSAPARILLIAN RESOLVENT, of supplying the blood with such nourishing properties as heat, oxygen, strength, purity, and the rich, red coloring matter in the blood corpuscles, supplying fat, new tissue, with sound and healthy structures, enabling the blood to hold all its healthy constituents in solution—diminishing the deposits of tuberculous matter, and exterminating the products of decomposition and decay, will and does yield to the Radway's Sarsaparillian Resolvent. So also many other diseases that threaten early dissolution and death, the cures of which are readily explained, and the theory of cure laid down in Dr. Radway's new medical book called, "False and True"

Extraordinary Case of Rheumatism Cured, and a Dangerous Attack of Typhoid Fever cut short and Patient cured in Four Days.

RADWAY & Co.—Dear Sirs: Your medicines are doing wonders here; my wife cured herself of Rheumatism when everything else failed. One year ago last March, I had Pleurisy and Typhoid Fever, and I kept my bed thirty-two days; and my physician visited me thirty-two times, and this spring I had a worse attack of the same disease, and my wife, with the help of your medicines, got me up in three or four days.

CALMUS, Iowa.

JOHN DAWSON.

Deafness Cured and a Lady Restored to Health.

MIDDLEBUSH, N. Y.

DR. RADWAY—Dear Sir: I esteem it a duty as well as a privilege to give my testimony as to the wonderful effects produced by your valuable medicines.

I commenced using your Sarsaparillian Resolvent, in connection with the Regulating Pills, about the middle of last July. Previous to that time, my hearing had become greatly impaired, so that it became impossible for me to hear ordinary conversation. In fact it was with the greatest difficulty I could hear anything. I had not taken the Resolvent two months before I began to improve. Now, at the lapse of less than six months, I find my hearing perfectly restored. In fact can hear better than ever in my life before.

My general health, too, has greatly improved. I find myself gaining in flesh as well as in strength. In fact, can walk miles without any undue fatigue.

I wish you to feel at liberty to use this testimonial in any way subservient to your interests and the cause of humanity.

Yours with great respect,

HARRIET F. BINGHAM,

Correspondent of the Baptist Union.

Scrofula Cured by R. R. Remedies.

DR. RADWAY—You must excuse me that I trouble you with this letter. I had the worst kind of SCROFULA in my system; I have been very sick for most two years: I took all kinds of medicines, and none did me any good till I took your Pills and Sarsaparillian; in four months I recovered; it had settled on my liver particularly; it liked to destroy my whole system; since I am well again everybody wants to know what cured me. Before I took your Pills and Sarsaparillian I weighed 117 pounds, and now I weigh 145 pounds. I only took your medicine for four months; I feel better now than I did for years.

EAST HAMPTON, Mass.

(See Radway on Scrofula.)

C. F. HUFFER.

A Great Medical Triumph!

NEW PRINCIPLES IN PURGATION!

SECURED IN

DR. RADWAY'S

Perfect Purgative Pills.

1.—A Vegetable Substitute for Calomel and Mercury.

2.—Counter-Irritation, made perfect in RADWAY'S PILLS, that withdraws inflammation from Congested Blood Vessels, Nerves, Liver, Stomach, Bowels, Kidneys, and other viscera, and purging all excrementitious, corrupt humors and diseased deposits from the system.

3.—In these PILLS a nourishing and nutritious principle is secured, by which the blood, juices and fluids of the system become invested with the vigor of life—they are the only purgative medicine that strengthens during the process of purgation. These PILLS act as a solvent and tonic to the gastric juice, enabling the solvent of the system to properly dissolve the substances taken into the stomach, and aid digestion, and the conversion of said substances into the proper constituents to make pure, rich and wholesome blood, the deficiency of which is the cause of Dyspepsia, Indigestion, Diabetes and other urinary difficulties, etc.

4.—They regulate the organs of the system; restoring functional harmony and securing the secretion of the proper constituents of each organ; by their action the Liver secretes its allotted proportion of bile—the Lungs, carbon; the Skin, sweat; the Kidneys, Urine, etc.

5.—The aged, and persons subject to Constipation, Costiveness, Paralysis and Weakness of the Bowels, Kidneys and Bladder, etc., that have to resort to injections;—by taking two or three PILLS, will enjoy natural discharges, and by the occasional use of them have regular operations. In these cases their strengthening and nutritious principles are exhibited; every dose will add new strength to the bowels, Liver, Kidneys, etc., that may be worn or depleted by disease or age.

6.—In these PILLS, a want that science has ever failed to supply is secured, and that is a thorough purgative that can be given in safety in cases of eruptive fevers, as Small Pox, Erysipelas, Yellow Fever, Scarlet and Typhoid Fevers—when the Mucous Membrane becomes ulcerated—now these PILLS purge thoroughly, and heal ulcerated and excoriated parts.

7.—These PILLS are made from extracts—from new ingredients—entirely vegetable, superior in every respect to the ordinary powders and substances of the common advertised Pills. Two of RADWAY'S PILLS will act quicker than half a dozen of the common drastic pills in general use.

Elegantly Coated—No Taste or Smell.

R. R. R. PILLS.

PURGATION

MADE PERFECT IN

RADWAY'S PILLS.

**UNIFORMITY AND SAFETY OF
ACTION SECURED.**

THE DIGESTIVE ORGANS,

showing the course of Substances taken into the stomach along the canal:

1. The Mouth. 2. The Trachea.
3. Oesophagus. 4. Inside Stomach.
5. Gall Bladder. 6. Duodenum. 7. The Anus.

PERFECT DIGESTION

will be accomplished by taking one of Radway's Pills every morning about 10 o'clock as a Dinner-Pill. By so doing, Dyspepsia, Headache, Foul Stomach, Biliousness, will be avoided, and the food that is eaten contributes its nourishing properties for the support of the natural waste and decay of the body.

Imperfect Digestion frequently occurs when the bowels are regular; the constituents of solids that are not absorbed in the circulation from imperfect digestion, are frequently directed to the kidneys for their escape. In such cases serious damage is done to the kidneys, as the urine

secreted from imperfectly digested substances or food, or those constituents not secreted by the liver or gall-duct, establishes a foreign secretion in the form of Albumen, Sugar, Urea, Uric Acid, causing Bright's Disease, Diabetes, Dropsy, Renal Diseases of the Kidneys, Congestion, Degeneration, Ulceration Gravel, Bloody Urine, etc. To prevent these serious and often fatal difficulties, take one of Radway's Pills every morning, two hours before dinner.

Imperfect digestion may be known by a capricious appetite, craving for food, great thirst, dryness in the mouth, dry skin, hot, fetid breath, restlessness, acidity, heartburn, swellings in the abdomen, chest, legs, cold feet, frequent desire to urinate, varied color of urine, etc. Where these symptoms are present the SARSAPARILLIAN should be taken three times per day, and the Pills one to six, as the case may require. As soon as digestion becomes perfect these unfavorable symptoms will disappear.

THE ONLY PILLS.

SAFE TO USE AS A GENERAL MEDICINE.

There are many PILLS under different names in vogue, but the only PILLS in general use, as a purgative or cathartic Pill, that are prepared on a new principle or contain newly discovered ingredients that supply a great necessity are DR. RADWAY'S PILLS.

Vegetable Substitute for Mercury and Calomel.

In the year 1849, we discovered a vegetable substitute for Calomel and Mercury; in fact, as an alternative and chologogue far superior and quicker than these agents, and could be taken in large and continued doses without accumulating in the system, or subjecting the patient to the frightful penalties that this poisonous drug inflicts; this we published to the world as one of the constituents of RADWAY'S PILLS.

In connection with this we discovered another vegetable substance that acted with wonderful power on the GASTRIC JUICE, possessing great solvent properties, correcting the secretions of the liver, gall duct, curing indigestion, dyspepsia, imparting nourishment and strength to the solvent and nervous fluids, and healing sores, ulcers and excoriations of the mucous membranes of the stomach, bowels and alimentary canal; there were not then nor are there now any other purgative pills that possessed these properties; this principle we then made known as one of the curative elements in RADWAY'S REGULATING PILLS.

Another principle is secured in RADWAY'S PILLS, i. e., that of *equalising the circulation of the blood* and their wonderful power of keeping it at its proper temperature; this in fevers, of all kinds, secures the most important desideratum.

Coated with Sweet Gum. Far Superior to Sugar-Coated Pills. Will Keep in all Climates.

These pills are perfect purgatives; they are made from the active properties of vegetable extracts. One Pill every morning as a Dinner Pill, will prepare the stomach to receive the food, and prevent its souring or turning to watery constituents; it will promote digestion and secure a good appetite. No Dyspepsia, Indigestion, Heart-burn, Headache, Foul Stomach, Bad Breath, will trouble those who will take one or two of these little Pills every morning, two or three hours before dinner.

To regulate the bowels, if out of order, two to four Pills. To secure a brisk purge, five or six, or more, if necessary.

To be used in all Cases of Costiveness—Constipation—Indigestion—Dyspepsia—Palpitation of the Heart—Epilepsy—Fits—Rush of Blood to the Head—Liver Complaint—Congestion or Inflammation of the Brain, Bowels, Stomach, Liver—In Sudden Colds—Quinsey Sore Throat—Pleurisy—In Fevers of all kinds—In Biliousness—Jaundice—Overflow of Bile in the Blood, and in all Cases where a Purgative or Cathartic Aperient, or Laxative Medicine is required.

No Mercury, Calomel, Antimony, or other hurtful drug, that will accumulate in the system, enters into their composition. The price of these Pills, thirty in each box, is only twenty-five cents, the same price that the common pills, made from crude powders, are sold for.

Families should always keep these Pills in the house.

Complimentary Evidence of the Virtues of R. R. Remedies,

DR. RADWAY:—Several years ago I was recommended to use your Remedies for Bilious Disorders, Liver Complaint and Rheumatism, and as I found great relief from them, I have used them with great success ever since, and have recommended to my neighbors with the same good results. I take pleasure in recommending them as a safe and sure medicine, that will do just what it pretends to. Now, I have traveled a great deal through different parts of the world, and have persuaded a great many people in different sections and climates to use your Remedies, which did them great good, and I send this gratefully to you, as I believe it is a debt of gratitude I owe you.

Yours,

PETER SELOVEN.

TUSCARORA P. O., Livingston Co., N. Y.

UNIONVILLE, MICH.

DR. RADWAY—*Dear Sir:* For a long time past I have been suffering in the most distressing manner from a long train of symptoms, which have baffled the skill of all the medical men down here, and which I feared, if not arrested in their progress, would terminate in the total prostration of my strength. Loss of appetite and desire of stimulating and artificial means of sustenance at irregular times, want of healthy sleep and consequent depression on arising in the morning, rendered life quite a burden to me, until a friend of mine induced me to try your medicines. So I got a bottle of Radway's Sarsaparillian and a box of Radway's Regulating Pills, and took them according to directions. I soon found relief. I got three boxes and three bottles more, and I am in better health than ever before.

I remain your humble servant,

ARTHUR D. WRIGHT.

CHEBANSE, ILL.

RADWAY & Co.—*Gentlemen:* Your Pills have often warded off sickness in my family. I never think it safe to be without them; they are a fine, sure medicine.

Most respectfully yours,

HENRY KENWORTH

CHEBANSE, Iroquois Co., Illinois.

"Used 19 Years."

MARCH 8, 1891.

DR. RADWAY & Co.: I have used your medicines for nineteen years, and have cured all diseases I have ever treated, and that includes nearly everything except small-pox. I have cured cases of various kinds that other doctors had given up as hopeless. I have the best success with inflammatory rheumatism. I cannot recommend your medicines too highly. I have not had a doctor in my house for eight years. What I cannot cure with your medicines, I think other medical aid is useless.

NORMAL, McLEAN Co., Ills.

RADWAY & Co.—*Sirs:* I have used your Ready Relief for Neuralgia, and find it to work like a charm.

EDW. A. GORDON.

WEST KINGSTON, R. I.

DR. RADWAY & Co., N. Y.—*Dear Sirs:* I am an old man—65 years old—and have used a great many boxes of your Regulating Pills and bottles of your Ready Relief in my family, and always with the best of results. We are never without them, and believe there are no medicines like them.

E. C. PARKS.

HUMBOLDT, Allen Co., Kansas.

MEDICAL TESTIMONY.

As an evidence of the high opinion and confidence the Medical Faculty in the United States entertain for these remedies, we present the following letter from Prof. Reid :

DR. LAWRENCE REID.

Seven years Lecturer on Medical Chemistry in the New York Hospital, and seven years Professor of Chemistry in the New York College of Pharmacy, and for four years in the Medical University of Edinburgh, Scotland.

36 DE KALB AV., BROOKLYN.

Dr. Radway & Co., of New York, have submitted to my analysis their three remedies, named "Ready Relief," "Renovating Resolvent," and "Regulating Pills." They have also communicated to me their mode of preparing the same. After a careful examination of these articles, I pronounce them as composed of ingredients of great purity and cost, free from mercury, or other dangerous substances, and prepared with skill and care.

Having long known Dr. Radway & Co., as scientific gentlemen of high attainments, I place every confidence in their remedies and statements.

These remedies, in my opinion, stand on different grounds from nostrums which absurdly pretend to cure all diseases with one preparation. They are a well-considered series of remedies, prepared on scientific principles, and having a strong claim to public favor.

From their adaptation to the diseases for which Dr. Radway & Co's remedies are recommended, and from their speedy action in giving relief, I consider them as a useful invention and quite a family convenience, superceding in numerous instances the necessity of medical assistance; and when that is necessary, doing something of a safe nature to relieve the sufferer in the interval.

I have no doubt of the great value of the Relief, as a local application to the spine, in those cases of weakness of the body or limbs, or the digestive or other organs, which depend upon the nerves proceeding from the spine for power to perform their functions.

LAWRENCE REID, Prof. of Chemistry.

A LITTLE GIRL.

MERCER CO., W. VA.

DR. RADWAY.

DEAR SIR—It is with pleasure I take my pen in hand to inform you of the great cure effected by your medicine called Resolvent. I had a girl, three years old last September, who had suffered with Scrofula ever since she was two years old. In fact, the doctor told us she was born with it. We had our best local doctors with her, and it seemed like all hope was gone, for they told us if the disease settled on her lungs she could not be cured. This frightful disease seated or seized upon her lungs severely. I began to think that our little girl could not live long, our physician's medicines doing no good. In the meantime, I received a copy of your medical publication called "False and True," which you sent me. After seeing the accounts of so many cures effected by your treatments, I at once resorted to them, though I could scarcely find any in this country, but I had the luck to get one bottle, and by the time she used it all she was most well. The ulcers that were making their appearance on her body are entirely gone, her lungs almost healed, or at least she has almost quit coughing. She has begun on the second bottle, and I believe by the time she uses all of it she will be well. She had a very bad cough. If I could have secured this treatment in time, I could have saved money by it; but it is a hard matter to get hold of it in this country. I am yours with respect,

SAMUEL S. BARKER, Flat Top, Mercer Co., W. Va.

In the reign of Queen Anne, there was published on the American continent but one newspaper, the *Boston News Letter*, and it printed but thirteen thousand copies annually.

The sick may offend in a slender diet and thereby grow worse.

In pregnancy a fine complexion indicates a male fetus, the contrary a female.

Winter is the greatest enemy to old, and Summer to young people.

No. 1 Porcelain vessel fitting into Block Tin Boiler
No. 2. The cover fitting No. 1 also, which can be used separately as a stewing pan.

RECIPT FOR MAKING BEEF-TEA.

Put a pound and a half of round steak cut up into pieces about the size of a hazel nut, into the porcelain pot, the outer one being partially filled with water. Add a little water, sufficient to keep the meat from sticking to the sides of the pot, cook from five to eight hours, and flavor with salt. Venison, mutton or buffalo flesh may be used instead of beef. See that the water in the outer kettle is replenished, as it boils away. This makes the best TEA. Another, where the above Kettle is not present is a good receipt, but not so good as the former.

BEEF-TEA.

Take two pounds of the lean part of the gravy-piece of beef, and carefully pare away every particle of fat, skin, or sinew, cut this into small square pieces the size of a nut, put the beef into a stew-pan capable of containing two quarts, and pour three pints of boiling water upon it, add a little salt, put it on the stove fire, and, as soon as it boils, skim it, and then remove it to the side of the stove to continue boiling gently for an hour, after which the beef-tea should be strained through a napkin for use.

PECTORAL CHICKEN-BROTH.

Cut up a young fowl into several pieces, put in a stew-pan with three pints of spring-water; set on the stove fire to boil; skim well and add a little salt; take two table-spoonsful of pearl-barley, wash it in several waters, and add it to the broth, together with one ounce of marsh-mallow roots cut into shreds for the purpose of better extracting its healing properties. The broth should then boil one hour, and be passed through a napkin into a basin, to be kept ready for use.

MUTTON-BROTH.

Take three pounds of the scrag-end of a fresh neck of mutton, cut it into several pieces, wash them in cold water, and put them into a stew-pan with two quarts of cold spring water; place the stew pan on the fire to boil; skim well, and add a couple of turnips cut into slices, a few branches of parsley, a sprig of green thyme, and a little salt. When it has boiled gently by the side of the stove for an hour and a half, skim off the fat from the surface, and then let it be strained through a lawn sieve into a basin and kept for use.

TO THE PUBLIC

NOTE: The name "GILBERT" is blown in the Reservoir and Ready
 Reservoir, and in the Reservoir, Ready Reservoir or Pills that has not the
 signature of the manufacturer.

In particular, the 1990-1991 Monthly Report put up by us since May, 1990, has a fine
